Replication Code: Government Responses to COVID-19, Mobility, and Poverty in South America

Demonstration for R

Bastián González-Bustamante*

May 28, 2021

Packages and Functions

```
## Run in R version 4.0.2 (2020-06-22) -- "Taking Off Again"
## Also in R version 4.1.0 (2021-05-18) -- "Camp Pontanezen"

## Packages
library(tidyverse)
library(ggplot2)
library(estimatr)
library(fmsb)
library(stargazer)
library(lmtest)
library(sandwich)

## Integer Function
is.integer0 <- function(x)
{
  is.integer(x) && length(x) == 0L
}

## Poverty in Argentina Function
## GitHub Repository ~/tree/master/data/poverty-sources/ARG
